NOTE FOR: Col. Robert E. Linhard, USAF
Acting Senior Director
Defense Programs and Arms Control
National Security Council

Bob --

As promised, I have enclosed a copy of the draft IIM on Soviet Low Observables technologies. As we agreed, it is for you only. Naturally, I would appreciate any comment you might have on it. The IIM on Soviet SDI technologies will be sent as soon as the draft is completed.

Susan and Melinda are working to get several of us together with you within a couple of weeks to discuss technologies related to Soviet SDI. It should be an interesting meeting.

I especially enjoyed our luncheon together and I appreciate your hospitality. It is good to get to know you and I look forward to working closely with you.
